

MOHAWK INDUSTRIES OPENS PROCUREMENT CENTER OF EXCELLENCE IN LUCERNE

New office will drive procurement efficiencies for flooring giant's international operations

Lucerne, 29 April 2024 — Mohawk Industries, Inc. (NYSE: MHK), the world's largest flooring manufacturer, has established new offices in Lucerne to host its procurement center of excellence. Mohawk is a Fortune 500 industrial organization with manufacturing facilities in nineteen countries on five continents. The Company produces some of the world's most beautiful and technically advanced ceramic tile, carpet, laminate and parquet flooring, luxury vinyl tile and sheet vinyl collections and sells through most residential and commercial channels.

Mohawk's new procurement office will complement the Company's existing supply chain resources in each of its business groups by leveraging the scope and scale of the organization to negotiate contracts with key suppliers of goods and services used across multiple parts of the enterprise. The Lucerne-based group will collaborate with Mohawk's business-based procurement teams to drive overall purchasing strategies, with a focus on cost reduction opportunities and adding value through supply chain efficiencies. Mohawk recognized the many advantages of building an administrative presence in Lucerne, including the canton's central location, stable environment, appealing presence, many resources and its deep talent pool. The Company has already begun to build a highly professional, experienced team through local recruiting and will continue hiring as it completes its procurement staff.

Mohawk sells its products in approximately 170 countries around the globe. Roughly 54 percent of Mohawk's annual sales are in the U.S., with 30 percent in Europe. Among the Company's best-known European brands are Marazzi, Ragno, EmilGroup, Kai, Quick-Step, Pergo, Moduleo, Unilin Panels and Unilin Insulation. The Company is internationally recognized as a leader in sustainability through its innovative products and industry-leading technologies.
